-  **Easy** administration and end-user interfaces
-  **Active Directory**, ODBC, NTLM, or built-in user authentication
-  **End-user** access via browser
-  **Flexible, modular platform** allows you to choose only the features you need, when you need them
-  **Run scripts** and send emails based on event triggers

## SCALABLE, AFFORDABLE SECURITY, CUSTOMIZED FOR YOUR BUSINESS

Globalscape's Enhanced File Transfer™ (EFT™) Express, designed for small-to-medium businesses, enables your organization to securely manage file transfers among worldwide offices, clients, and partners, ensuring that data confidentiality and integrity are preserved during transport and storage. EFT handles routine file transfer tasks, so you can turn your attention to tomorrow's business needs today.

The EFT Express modular platform makes it affordable by allowing you to purchase just the functionality you need. You can add advanced features as your business grows or your needs change. EFT Express has capabilities perfect for small businesses that need secure file transfer software, without advanced automation features.

Additional modules provide SFTP and HTTPS transfers, web-based transfer client, mobile transfer client, and automation events such as folder monitor, scheduled transfers, and copy/move/download actions.
